

Tetric®

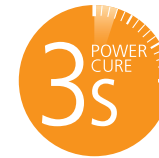

The solution
for all cavities

Tetric®

The solution for all cavities

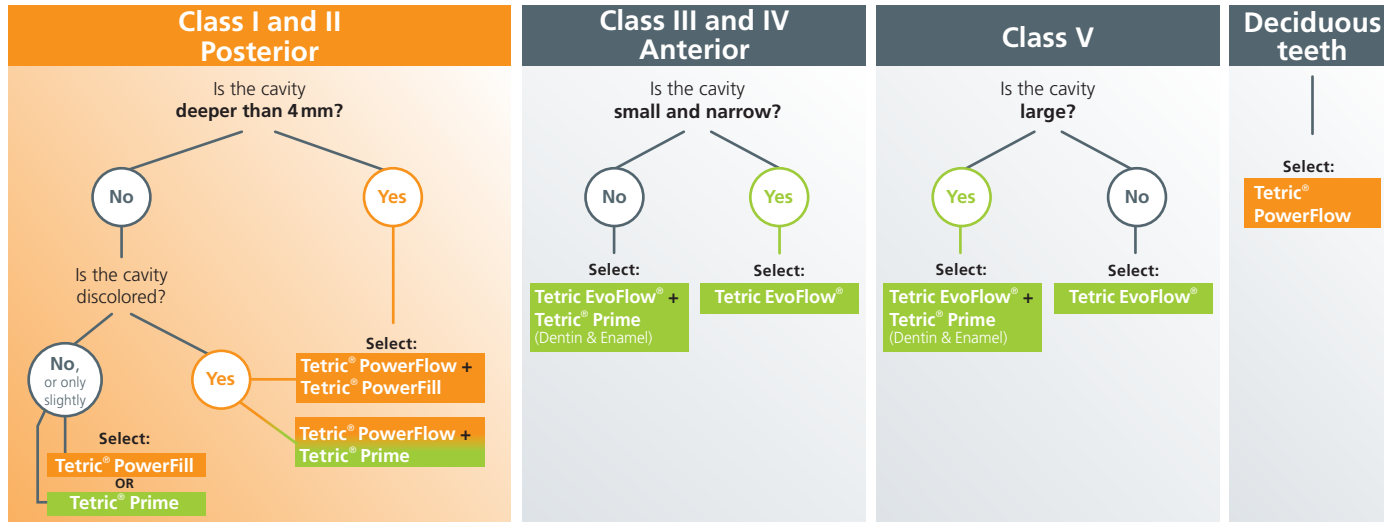

Which kind of cavity are you restoring?

3s PowerCure™

Tetric® Prime

Safety notes:

When used to restore deciduous teeth, Tetric® PowerFill and Tetric® PowerFlow must be light-cured with a light intensity of $\leq 2,000$ mW/cm². Please observe the notes on light-curing stated in the instructions for use.
